

REPUBLIC OF THE PHILIPPINES  
**SANGGUNIANG PANLUNGSOD**  
 CITY OF MANDALUYONG

**RESOLUTION NO. 3159, S-2022**

**RESOLUTION ADOPTING THE MANDALUYONG  
 CITY DISASTER RISK REDUCTION AND  
 MANAGEMENT PLAN 2023-2032**

WHEREAS, it is the declared policy of the City Government of Mandaluyong to uphold, adopt and incorporate people's constitutional rights to life and property by addressing the root causes of vulnerabilities to disaster, strengthening the city's institutional capacity for disaster risk reduction and management and building the resilience of local communities to disaster including the impacts of climate change.

WHEREAS, Republic Act (R.A.) 10121 or the Philippine Disaster Risk Reduction and Management Act of 2010, an Act Strengthening the Philippine Disaster Risk Reduction and Management System, Providing for the National Disaster Risk Reduction and Management Framework and Institutionalizing the National Disaster Risk Reduction and Management Plan, granted local government units (LGUs) greater flexibility towards disaster mitigation, preparation, response, rehabilitation and recovery;

WHEREAS, RA 10121 also recognizes local risk patterns and trends and decentralization of resources and responsibilities and thus encourages the participation of NGOs, private sectors, community-based organizations, and community members in disaster management. It inhibits the full participation of the Local Government Units (LGUs) and communities in governance;

WHEREAS, Local Government Units (LGUs) have the primary responsibility for protecting citizens from risks and disaster, however, local communities and elements of civil society most threatened by hazards emerge as key initiators of important risk and disaster prevention actions. They must work through partnership, and together, receive necessary encouragement and support to realize the vision of disaster resilience;

WHEREAS, the LGUs are the primary actors tasked to plan, fund, implement, monitor and evaluate programs, projects and activities of DRRM-CCA for the community's benefit and welfare;

WHEREAS, there is a need to formulate and implement comprehensive and integrated Local Disaster Risk Reduction Management Plan (LDRRMP) in accordance with the national, regional and provincial framework and policies on disaster risk reduction in close coordination with the local development council as embodied under Section 12(6) of R.A. 10121;
