

REPUBLIC OF THE PHILIPPINES
SANGGUNIANG PANLUNGSOD
CITY OF MANDALUYONG

RESOLUTION NO. 3227, S-2023

**A RESOLUTION ADOPTING THE COMPREHENSIVE
DRAINAGE MASTER PLAN 2023-2028 OF THE
CITY OF MANDALUYONG**

WHEREAS, the 1991 Local Government Code, Section 17 provides basic services and facilities (b) (2) (viii) which mandates local government units to provide for infrastructure facilities to include small water impounding projects and other similar projects, rainwater collectors and water supply systems, seawalls, dikes, drainage and sewerage, and flood control;

WHEREAS, the 2009 Supreme Court Mandamus to clean up, rehabilitate and preserve Manila Bay states that the MMDA as the lead agency and implementor of programs and projects for flood control and drainage services in Metro Manila, in coordination with the DPWH, DILG, affected LGUs, PNP Maritime Group, Housing and Urban Development Coordinating Council (HUDCC) and other agencies, shall dismantle and remove all structures, constructions, and other encroachments established in violation of Republic Act No. 7279 and other applicable laws along Pasig-Marikina-San Juan Rivers, the NCR (Parañaque-Zapote, Las Piñas) Rivers, the Navotas-Malabon-Tullahan Tenejeros Rivers and connecting waterways and esteros in Metro Manila;

WHEREAS, in correlation thereto, Republic Act No. 10121 or the Philippine Disaster Risk Reduction and Management Act of 2010 was passed making it the policy of the State, among others, to uphold the people's constitutional rights to life and property by building the resilience of local communities to disasters including climate change impacts;

WHEREAS, envisioning Mandaluyong as a world-class City of God-centered responsible and resilient society living secured in a well-planned, sustainable and peaceful environment that nurtures inclusive economic growth towards global competence, under a leadership that is visionary, dynamic and pro-active, a Comprehensive Drainage Master Plan was formulated and prepared by the created Inter-Agency Team (IAT) as guide in programming and implementing flood control and drainage-relevant projects and activities for the City from 2023 to 2028;

WHEREAS, while Mandaluyong City and the whole Metro Manila were not affected as much as the South, the flood brought about by typhoon Odette on December 16, 2021 was a devastating wake-up call as to how quickly flood waters can disrupt entire communities within a relatively short period of time;

WHEREAS, the City Government of Mandaluyong recognizes the phenomenon of rapid urbanization in the Metro Manila area and nearby rural areas, and it poses a big challenge to address our existing drainage system and flooding in the City;

WHEREAS, there is a need to adopt a Comprehensive Drainage Master Plan which will aid the City and entire communities to withstand storm impact and improve flood protection giving priority to declared flood prone areas;

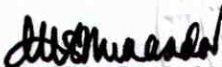

WHEREAS, the plan takes into consideration citywide rehabilitation and improvement of drainage facilities in all roads and alleys and the 7 creeks and 2 rivers to where drainage and surface runoffs eventual fall;

WHEREAS, this formulated Comprehensive Drainage Plan of Mandaluyong City needs the acquiescence of the Sangguniang Panlungsod.

NOW, THEREFORE, on motion duly seconded, the Sangguniang Panlungsod of Mandaluyong, in session assembled, RESOLVED, as it hereby RESOLVES, to adopt and approve the Comprehensive Drainage Master Plan 2023-2028 of the City of Mandaluyong.

ADOPTED on this 23rd day of January 2023, in the City of Mandaluyong.

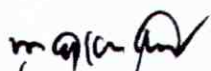

I HEREBY CERTIFY THAT THE FOREGOING RESOLUTION WAS ADOPTED AND APPROVED BY THE SANGGUNIANG PANLUNGSOD OF MANDALUYONG IN A REGULAR SESSION HELD ON THE DATE AND PLACE FIRST ABOVE GIVEN.

MA. TERESA S. MIRANDA
Sanggunian Secretary
